**Just 7 minutes' walk from Jurong East MRT.**

\*Applicable only to Singapore Citizens and Permanent Residents. Booking required.

**Singapore, 9 July** – Science Centre Singapore (SCS) will celebrate SG60 with an enthralling STEM Fiesta - a three-day extravaganza of discovery and fun for the whole family, happening from **9 to 11 August 2025, 10am to 5pm**. With Mr Desmond Lee, Minister for Education and Minister-in-Charge of Social

Services Integration gracing the launch, the SG60 weekend promises to be an epic celebration of curiosity, wonder and science.

#### **Special Admission Perks to Various Attractions**

Singaporeans and Permanent Residents enjoy complimentary admission to Science Centre Singapore and the Omni-Theatre while all STEM Fiesta visitors get a 50% discount on KidsSTOP™ and Escape @ Science Centre Singapore tickets. Snow City is offering a 1-hour snow play bundle for two adults and two children at just \$60 (U.P. \$78).

#### **Exciting Carnival Games & STEM-Themed Activities**

Step into the Science Centre Annexe Halls 2 & 3 for a spirited celebration that captures the essence of Singapore's diverse regions. Delight in complimentary offerings, including popcorn and cotton candy, while enjoying exciting activities from an inflatable slide to airbrush tattoos and balloon sculpting. Opt for an enhanced experience with the \$6 coupon bundle through local favourites such as *Muah Chee* and *Laksa*, alongside hands-on STEM activities such as piloting a flight simulator.

#### **Thrilling Science Shows**

Catch two dazzling performances at Annexe Hall 1, alternating hourly from 10.30am to 4.30pm.

**The Spectacular Science Show** packs a thrilling sequence of iconic demonstrations that have wowed Science Centre audiences for years — from swirling fire tornadoes and dramatic hydrogen balloon explosions to billowing liquid nitrogen clouds — this 15-minute, dialogue-free format is designed to amaze.

**The Electrified Elements Light Show** promises a power packed display of lights, lasers, and robotics offering a sneak peek into SCS's award-winning theatrical production *The ELECTRIFIED Show*. This

visual spectacle will treat audiences to an exclusive first look of brand-new effects from its upcoming Season 2.

### **For the Community, By the Community**

Beyond exciting science demonstrations, STEM Fiesta guests can explore community showcases spotlighting Singapore's innovative spirit and shared heritage.

The **New Science Centre: Wonderfully Yours** showcase, located at the Centre's Entrance Alcove, presents an inspiring glimpse into the upcoming development at Jurong Lake District. It reflects the collective aspirations gathered through community engagement initiatives over the past year. Guests are encouraged to contribute their ideas and aspirations for the new Science Centre, to facilitate co-creation and active participation to help shape the new space.

The **Kampung Lab** will transform the Centre's Annexe Courtyard and Foyer into a vibrant community hub celebrating traditional crafts, music and nostalgic kampung vibes. In this lively corner, guests can enjoy rotating live performances by emerging local talents such as FourFour, The Waterlemons and Soft-Boiled Eggs, and explore displays by youth makers from NUS Makers' Alley and community groups from Loving Heart Multi-Service Centre.

### **Special Hands-on Activities @ SCS Galleries**

STEM Fiesta will also offer a range of engaging hands-on activities within the Science Centre galleries.

At the Western Entrance, budding biologists can step into the role of a **Young Entomologist** to examine fascinating insects up close, observe their adaptations and life cycles under microscopes to find out

what makes these creatures remarkable. Additionally, young explorers can earn an exclusive **SG60 Young Scientist Commemorative Badge** from now till 31 December 2025 by completing any two Young Scientist Badge Programme onsite trails — the Young Ecologist, Engineer, Energy Saver, Geneticist, Mathematician — available at \$5 each.

At the Science Centre's DNA Lab, guests can participate in **Discovering DNA**—a unique opportunity to delve into the world of genetics through interactive experiments like DNA extraction and microscopy.

#### **Sneak Peek at a Roaring New Exhibition**

Attendees will get to catch a sneak peek into Science Centre's upcoming year-end exhibition, developed in collaboration with the Lee Kong Chian Natural History Museum (LKCNHM). The experience, themed around extinctions and dinosaurs, will feature an extraordinary journey spanning 400 million years of Earth's history. Early bird tickets and exclusive merchandise will be available at a dedicated booth during the STEM Fiesta.

Tickets/Bookings for STEM Fiesta are now open, more information can be found [here](#).

## APPENDIX

### Omni-Theatre Shows

Across the National Day weekend, Singaporeans and PRs will enjoy complimentary admission to **Omni-Theatre**, Singapore's only dome-shaped IMAX theatre, where they can immerse themselves in stunning, larger-than-life visuals. Shows will run hourly from 10.00am to 5.00pm, featuring a rotating lineup of captivating science films. The schedule includes *Animal Kingdom*, *Cities of the Future*, *Kitz the Cat's Secret of the Space Station*, and *Star Dreaming*. These films combine cutting-edge digital projection with an immersive soundscape to inspire curiosity about the natural world, technology, and the universe—perfect for audiences of all ages.

Omni-Theatre Showtimes	
10.00-10.45am	Star Dreaming
11.00-11.45am	Animal Kingdom
12.00-12.45pm	Cities of the Future
2.00-2.40pm	Animal Kingdom
3.00-3.45pm	Cities of the Future
4.00-4.40pm	Animal Kingdom
5.00-5.25pm	Kitz the Cat's Secret of the Space Station

### Omni-Theatre Shows

DESCRIPTION	DETAILS
 <p><b>1. Animal Kingdom: A Tale of Six Families</b></p>	<p><b>Target Audience:</b></p> <p>Ages 7 and above</p> <p><b>Website:</b></p> <p><a href="https://www.science.edu.sg/visit-us/omni-theatre/animal-kingdom">https://www.science.edu.sg/visit-us/omni-theatre/animal-kingdom</a></p>

Step into the heart of the Animal Kingdom in this thrilling movie experience! Journey through sky, land and sea as you meet the planet's most fascinating animal families — from birds and insects to reptiles, fish and the mighty mammals. It's nature like you've never seen before!

## 2. Cities of the Future

Leap forward into the future and experience a world where sustainability rules! Imagine smart cities powered by renewable energy, space-based solar power lighting up the night, and maglev trains zipping you around in energy-efficient pods. Say goodbye to traffic jams and hello to electric flying vehicles! This isn't just a dream — it's the future engineers are building right now, and it's coming to the big screen!

### Target Audience:

Ages 7 and above

### 3. Kitz the Cat's - Secret of The Space Station

Kitz, Tutti, and Pepe meet an artificial intelligence (A.I.) on the space station that has endured tens of thousands of years of solitude. The A.I.'s wish is to leave Earth's orbit and go on an endless expedition into the far reaches of space. Will the cats be able to fulfil the A.I.'s wish? Embark on this exclusive journey with them to find out!

#### 4. Star Dreaming

In the arid heartland of Western Australia, Lucia and Max visit the remote site of the largest science facility ever built by mankind: the SKA (Square Kilometre Array) radio telescope. There, they learn about the global effort behind the SKA and the fundamental scientific questions it hopes to answer, including: Is there life somewhere else in the universe? Next, Max and Lucia enter the ancient land of the Yamaji people, Aboriginal Australians who have shared star stories for more than 60,000 years. Artist Charmaine Green guides Max and Lucia through the land of her ancestors and introduces them to other artists, their paintings, and their tales.

Through their journey, Lucia and Max discover how much the scientific world and the ancient world have in common, for we all live under one sky—a shared sky.
