

About International Science Drama Competition 2022

The International Science Drama Competition is a yearly event that encourages participants to marry their passion for science with acting. This competition is open to teams from Singapore schools, the public as well as teams from overseas. It is an excellent platform for participants to display their talents and compete on an international stage and is surely an opportunity that is not to be missed.

This year, we are pleased to continue with the “Short Films Category” on top of the existing Junior and Open Categories. This category was introduced last year. Similar to last year, this category will be open to everyone where participants can portray their flair in filming and video editing in line with the theme.

In addition, with the recent Safe Management Measures for COVID-19, there are some changes to the existing submission process and performance delivery for this competition. The competition will be held online through video submissions, similar to last year. There will not be a physical competition in Science Centre.

Performance/Short Film Guidelines

- All performances and short films should be in the form of a short skit not exceeding 7 minutes.
- All performances and short films should be based on the theme of “Our Seas and Oceans for the Future” commemorating 2022 as the International Year of Artisanal Fisheries and Aquaculture.
- The performance should combine scientific content and drama.
- Examples of some possible topics include but are not limited to the following:
 - a. Ocean Conservation
 - b. Artisanal Fisheries (Small-scale and traditional fishing)
 - c. Preservation of Ecosystems
 - d. Sustainable Fishing and Food System

Competition Rules

- Each school or organisation can register as many teams as they want.
- Each team must comprise of a maximum of 15 participants, including backstage crew for Junior and Open Categories and video editors for Short Film Category. Kindly note that backstage crew can only assist to place props, control AV, and help cast members backstage and should not be involved in the skit as cast members; teachers or adults can assist as backstage crew.
- All performances and short films should be in English and should not exceed 7 minutes. A penalty will be imposed for performances exceeding 7 minutes.
- **All entries for all categories should be submitted via video submission. Teams will be judged based on their video entries for this year’s competition; there will be no live rehearsals or live performance for the Singapore Finals.**
- All non-original sources for storyline, music and other media must be properly credited and acknowledged.
- If participants are representing a school or organisation, all participants in the team must be current students or members of the school or organisation.
- Should a school or organisation decide to register more than 1 team in the same category, there should be no repetition of team members across teams; the same team members can, however, participate across categories, e.g. Member A can take part in Junior Category and Short Films Category
- Should a team participate in more than one category, the same storyline cannot be repeated.
