Guide to Filling in SSEF/ISEF Forms

For SSEF 2022 (Updated December 2021)

The tips provided in this guide aims to address common issues faced during SSEF/ISEF form-filling.

Click on the buttons/links to navigate through the guide.

All forms can be found on the <u>SSEF website</u>. For more information on the ISEF rules, please refer to the <u>ISEF website</u>.

Form 1: Checklist for Adult Sponsor

Compulsory?	Filled in by	Endorsed by	To be dated before or after start of experimentation?
\checkmark	Teacher mentor	Teacher mentor	Before

If project team members are from different schools, this form should be completed by the team leader's teacher mentor.

	Checklist for Adult Sponsor (1) This completed form is required for ALL projects.
*Compulsory items	To be completed by the Adult Sponsor in collaboration with the student researcher(s): *Student's Name(s): *Project Title: *1. I have reviewed the ISEF Rules and Guidelines, including the science fair ethics statement.
	 *2. I have reviewed the student's completed Student Checklist (1A) and Research Plan/Project Summary. *3. I have worked with the student and we have discussed the possible risks involved in the project.
	 4. The project involves one or more of the following and requires prior approval by an SRC, IRB, IACUC or IBC: Humans Potentially Hazardous Biological Agents Vertebrate Animals Microorganisms rDNA Tissues
	 *5. Items to be completed for ALL PROJECTS Adult Sponsor Checklist (1) Student Checklist (1A) Approval Form (1B) Regulated Research Institutional/Industrial Setting Form (1C) (when applicable; after completed experiment) Continuation/Research Progression Form (7) (when applicable)

Form 1: Checklist for Adult Sponsor (continued)

Teacher mentor to check that all relevant forms have been prepared by students. Find out which forms (1C-7) are required by using the <u>Rules Wizard</u>.

Additional forms required if the project includes the use of one or more of the following (check all that apply):

- Humans, including student designed inventions/prototypes. (Requires prior approval by an Institutional Review Board (IRB); see full text of the rules.)
 - Human Participants Form (4) or appropriate Institutional IRB documentation
 - □ Sample of Informed Consent Form (when applicable and/or required by the IRB)
 - □ Qualified Scientist Form (2) (when applicable and/or required by the IRB)
- Vertebrate Animals (Requires prior approval, see full text of the rules.)
 - □ Vertebrate Animal Form (5A)-for projects conducted in a school/home/field research site (SRC prior approval required.)
 - Vertebrate Animal Form (5B)-for projects conducted at a Regulated Research Institution. (Institutional Animal Care and Use Committee (IACUC) approval required prior experimentation.)
 - D Qualified Scientist Form (2) (Required for all vertebrate animal projects at a regulated research site or when applicable)
- Detentially Hazardous Biological Agents (Requires prior approval by SRC, IACUC or IBC, see full text of the rules.)
 - Dependentially Hazardous Biological Agents Risk Assessment Form (6A)
 - Human and Vertebrate Animal Tissue Form (6B)-to be completed in addition to Form 6A when project involves the use of fresh or frozen tissue, primary cell cultures, blood, blood products and body fluids.
 - Qualified Scientist Form (2) (when applicable)
 - The following are exempt from prior review but require a Risk Assessment Form 3: projects involving protists, archae and similar microorganisms, for projects using manure for composting, fuel production or other non-culturing experiments, projects using color change coliform water test kits, microbial fuel cells, and projects involving decomposing vertebrate organisms.
- □ Hazardous Chemicals, Activities and Devices (No SRC prior approval required, see full text of the rules.)
 - Risk Assessment Form (3)
 - D Qualified Scientist Form (2) (required for projects involving DEA-controlled substances or when applicable)
- Other
 - Risk Assessment Form (3)

Form 4: Human Participants Form – Human Informed Consent Form

The Human Informed Consent Form is used to provide information to the research participant regarding the project and to document consent or parental permission. Research participants involved in surveys or interviews are also required to complete this form.

	Human Informed Consent Form Instructions to the Student Researcher(s): An informed consent/assent/permission form should be developed in consultation with the Adult Sponsor, Designated Supervisor or Qualified Scientist. This form is used to provide information to the research participant (or parent/guardian) and to document written informed consent, minor assent, and/or parental permission. • When written documentation is required, the researcher keeps the original, signed form. • Students may use this sample form or may copy ALL elements of it into a new document.
	If the form is serving to document parental permission, a copy of any survey or questionnaire must be attached.
All items are compulsory	Student Researcher(s):
This section is to be filled in by student(s) together with teacher/research mentor.	project. If you would like to participate, please sign in the appropriate area below. Purpose of the project: If you participate, you will be asked to:
After filling in this section, the consent form can be photocopied for all research participants to complete.	Time required for participation: Potential Risks of Study: Benefits: How confidentiality will be maintained:
	If you have any questions about this study, feel free to contact: Adult Sponsor/QS/DS: Phone/email:

Form 4: Human Participants Form – Human Informed Consent Form (continued)

This section of the consent form is to be completed by research participants (including those involved in <u>surveys or interviews</u>).

All completed consent forms should be kept by students for documentation purposes.

Voluntary Participation:

Participation in this study is completely voluntary. If you decide not to participate there will not be negative consequences. Please be aware that if you decide to participate, you may stop participating at any time and you may decide not to answer any specific question.

By signing this form I am attesting that I have read and understand the information above and I freely give my consent/ assent to participate or permission for my child to participate.

Form 5A: Vertebrate Animal Form

Compulsory?	Filled in by	Endorsed by	To be dated before or after start of experimentation?
For projects conducted outside		SRC and	
of research institutions	Student(s)	research mentor	Before
involving vertebrate animals			

Note: For projects conducted at research institutions that involve vertebrate animals, refer to Form 5B.

All items are compulsory	Vertebrate Animal Form (5A) Required for all research involving vertebrate animals that is conducted in a school/home/field research site. (SRC approval required before experimentation.)
	Student's Name(s)
	Title of Project
	To be completed by Student Researcher:
	1. Common name (or Genus, species) and number of animals used.
To be filled in by student(s)	 Describe completely the housing and husbandry to be provided. Include the cage/pen size, number of animals per cage, environment, bedding, type of food, frequency of food and water, how often animal is observed, etc. Add an additional page as necessary.
	3. What will happen to the animals after experimentation?
	4. Attach a copy of wildlife licenses or approval forms, as applicable
	5. The ISEF Vertebrate Animal Rules require that any death, illness or unexpected weight loss be investigated and documented by a letter from the qualified scientist, designated supervisor or a veterinarian. If applicable, attach this letter with this form when submitting your paperwork to the SRC prior to competition.

Form 5A: Vertebrate Animal Form (continued)

This section is to be filled in an SRC to determine if a designated supervisor and/or certification by a veterinarian would be required. Please contact the SSEF organising committee for assistance if your school does not have its own SRC.

To be completed by Local or Affiliate Fair Scientific I	Review Committee (SRC) BEFORE experimentation.		
Level of Supervision Required for agricultural, behavioral or nutritional studies (select one):			
Designated Supervisor REQUIRED. Please have applicable person sign below.			
□Veterinarian and Designated Supervisor REQUIRED.	Please have applicable persons sign below.		
Veterinarian, Designated Supervisor and Qualified Scientist REQUIRED. Please have applicable persons sign below and have the Qualified Scientist complete Form (2).			
The SRC has carefully reviewed this study and finds it is an Local or Affiliate Fair SRC Pre-Approval Signature:	appropriate study that may be conducted in a non-regulated research site.		
SRC Chair Printed Name Signature	Date of Approval (must be prior to experimentation) (mm/dd/yy)		
 To be completed by Veterinarian: I have reviewed this research and animal husband the student before the start of experimentation. I have approved the use and dosages of prescripting drugs and/or nutritional supplements. I will provide veterinary medical and nursing care of illness or emergency. (Fees may apply.) 	on I have reviewed this research and animal husbandry with the student before the start of experimentation and I accept primary responsibility for the care and handling of the animals in this project.		
Printed Name Email/Phone	Printed Name Email/Phone		
Signature Date of Approval (m	m/dd/yy) Signature Date of Approval (mm/dd/yy)		

Form 5A: Vertebrate Animal Form (continued)

Certification by a veterinarian is required if the project involves any of the following:

• animal husbandry

Back

- supplemental nutrition, administration of prescription drugs and/or activities that would not be ordinarily encountered in the animal's daily life
- 'Date of Approval' must be on/before the 'Actual Start Date' indicated on <u>Form 1A</u>. Refer to the <u>form-filling</u> <u>timeline</u> for more information.
- Use date format MM/DD/YY (e.g. 01/31/21)

To be completed by Local or Affili Level of Supervision Required			
Designated Supervisor REQUIR	ED. Please have applicable pers	on sign below.	
Veterinarian and Designated Su	pervisor REQUIRED. Please have	applicable persons sign below.

Form 5B: Vertebrate Animal Form

Compulsory?	Filled in by	Endorsed by	To be dated before or after start of experimentation?
For projects conducted at	Deceareb	Deceareb	
research institutions	Research	Research	Before
involving vertebrate animals	mentor	mentor	

Note: For projects conducted outside of research institutions that involve vertebrate animals, refer to Form 5A.

All items are compulsory

Vertebrate Animal Form (5B)

Required for all research involving vertebrate animals that is conducted in at a Regulated Research Institution. (IACUC approval required before experimentation. Form must be completed and signed after experimentation.)

Student's Name(s)_____

1. Species of animals used: _

Title of Project

Title and Protocol Number of IACUC Approved Project

To be completed by Qualified Scientist or Principal Investigator:

Number of animals used:_____

Describe, in detail, the role of the student in this project: animal procedures and related equipment that were involved, oversight provided and safety precautions employed. (Attach extra pages if necessary.)

3. Was there any weight loss or death of any animal? If yes, attach a letter obtained from the qualified scientist, designated supervisor or a veterinarian documenting the situation and the results of the investigation.

4. Did the student's project also involve the use of tissues?

- No
- Yes; complete Forms 6A and 6B

5. What laboratory training, including dates, was provided to the student?

Form 5B: Vertebrate Animal Form (continued)

Note that a copy of IACUC Approval from the research institution is required to be attached.

6. Attach a copy of the Regulated Research Institution IACUC Approval.	A letter from the Qualified Scientist
or Principal Investigator is not sufficient.	

Qualified Scientist/Principal Investigator		
Printed Name		
Signature	Date (mm/dd/yy)	

- 'Date' must be **on/before** the 'Actual Start Date' indicated on <u>Form 1A</u>.
 Refer to the <u>form-filling timeline</u> for more information.
- Use date format **MM/DD/YY** (e.g. 01/31/21)

Form 6A: Potentially Hazardous Biological Agents Risk Assessment Form

Compulsory?	Filled in by	Endorsed by	To be dated before or after start of experimentation?
For projects involving PHBAs *	Research mentor	SRC and research mentor	Before

*PHBAs include:

- microorganisms,
- rDNA,
- fresh/frozen tissue (including primary cell lines, human and other primate established cell lines and tissue cultures),
- blood,
- blood products and
- body fluids.

Refer to the <u>Guidelines for Science and Engineering Fairs</u> 2021-2022 for exempt studies/tissues. Projects involving these PHBAs need to submit **both Forms 6A and <u>6B</u>**.

Form 6A: Potentially Hazardous Biological Agents Risk Assessment Form (continued)

Sections 1 and 2 should be completed by the research mentor, in collaboration with the student(s).

All items are compulsory

Potentially Hazardous Biological Agents Risk Assessment Form (6A)

Required for research involving microorganisms, rDNA, fresh/frozen tissue (including primary cell lines, human and other primate established cell lines and tissue cultures), blood, blood products and body fluids. SRC/IACUC/IBC approval required before experimentation.

Student's Name(s)

Title of Project

To be completed by the QUALIFIED SCIENTIST/DESIGNATED SUPERVISOR in collaboration with the student researcher(s). All questions are applicable and must be answered; additional page(s) may be attached.

SECTION 1: PROJECT ASSESSMENT

- 1. Identify potentially hazardous biological agents to be used in this experiment. Include the source, quantity and the biosafety level risk group of each microorganism.
- 2. Describe the site of experimentation including the level of biological containment.
- 3. Describe the procedures that will be used to minimize risk (personal protective equipment, hood type, etc.).
- 4. What final biosafety level do you recommend for this project given the risk assessment you conducted?
- 5. Describe the method of disposal of all cultured materials and other potentially hazardous biological agents.

SECTION 2: TRAINING

- 1. What training will the student receive for this project?
- 2. Experience/training of Designated Supervisor as it relates to the student's area of research (if applicable).

Form 6A: Potentially Hazardous Biological Agents Risk Assessment Form (continued)

All items are compulsory

Section 3 is to be filled in by the research mentor

- 'Date of review' must be on/before the 'Actual Start Date' indicated on Form 1A. Refer to the form-filling timeline for more information.
- Use date format MM/DD/YY (e.g. 01/31/21)

Form 6B: Human and Vertebrate Animal Tissue Form

Compulsory?	Filled in by	Endorsed by	To be dated before or after start of experimentation?
For projects involving fresh/frozen tissue, blood, blood	Student(s)	Research	Before
products and body fluids		mentor	

Projects that require Form 6B would also require Form 6A.

All items are compulsory

Human and Vertebrate Animal Tissue Form (6B)

Required for research involving fresh/frozen tissue (including primary cell lines, human and other primate established cell lines and tissue cultures), blood, blood products and body fluids. If the research involves living organisms please ensure that the proper human or animal forms are completed. All projects using any tissue listed above must also complete Form 6A.

Student's Name(s)

Title of Project

To be completed by Student Researcher(s):

- 1. What vertebrate animal tissue will be used in this study? Check all that apply.
 - Fresh or frozen tissue sample
 - Fresh organ or other body part
 - □ Blood
 - Body fluids
 - Primary cell/tissue cultures
 - Human or other primate established cell lines

2. Where will the above tissue(s) be obtained? If using an established cell line include source and catalog number.

If the tissue will be obtained from a vertebrate animal study conducted at a research institution attach a copy of the IACUC certification with the name of the research institution, the title of the study, the IACUC approval number and a of IACUC approval.
