Guide to Filling in SSEF/ISEF Forms

For SSEF 2023 (Updated August 2022)

The tips provided in this guide aim to address common issues faced during SSEF/ISEF form-filling.

Click on the buttons/links to navigate through the guide.

All forms can be found on the <u>SSEF website</u>. For more information on the ISEF rules, please refer to the <u>ISEF website</u>.

(MAIN CATEGORY)

ENTRY FORM

Please refer to the SSEF 2023 website (<u>http://www.science.edu.sg/ssef</u>) for details on the application process and all the submission requirements.

All project documents must be received by Friday, 11 January 2023, 17:00hrs.

PROJECT INFORMATION			
Type of Participation:	Project Category*:	Project Sub-Category*:	
□ Individual □ Team			
Title of Research Project:			

* Please refer to Annex A for the list of categories and sub-categories. Selecting the appropriate category and subcategory is important to ensure that the assigned judges are familiar with your research topic. These should be the same as what was indicated during online registration. Refer to **Annex A** of the form for the list of

categories and subcategories.

SSEF Entry Form (continued)

Individual projects only need to fill in this section.

DECLA	RATION BY	PARTICIP	ANT(S)§

I / We hereby certify that all the information provided to SSEF organisers is correct. I / We did not plagiarise material, forge or fabricate data, use or present other researcher's work as our own in my / our research project. I / We consent to the use of the information / project I / we submit to the organisers for publicity purpose. I / We understand that all the materials I / we submit will not be returned to me / us.

Parental/guardian consent is required for official SSEF/ ISEF media releases.

SSEF MAIN CATEGORY 2023

PARENT/GUARDIAN CONSENT FORM (INDIVIDUAL/TEAM MEMBER 1) FOR SSEF 2023

In participating in SSEF 2023, the following may be shared on MOE and SSEF's social media platforms (Website, Facebook and Instagram pages) which are accessible to the general public:

- 1. Images and videos of my child/ward* participating in SSEF 2023 and ISEF 2023, if applicable;
- 2. Materials my child/ward* used during participation in SSEF 2023 and ISEF 2023, if applicable;
- 3. My child/ward*'s learning experience at SSEF 2023 and ISEF 2023, if applicable.

If you agree to your child / ward participating in the SSEF 2023, please fill in the blanks and sign below.

I, _____ (name of parent / guardian), acknowledge that I have read and understood the information above.

I hereby give permission for any image or video of my child / ward, ______, (name of child / ward) captured during SSEF 2023 and ISEF 2023, if applicable, to be used for the activities listed above.

I declare that I have the authority to sign this release and that I have read and understood this agreement prior to signing it.

Form 1: Checklist for Adult Sponsor

Compulsory?	Filled in by	Endorsed by	To be dated before or after start of experimentation?
\checkmark	Teacher mentor	Teacher mentor	Before

If project team members are from different schools, this form should be completed by the team leader's teacher mentor.

	Checklist for Adult Sponsor (1)
	This completed form is required for ALL projects.
	To be completed by the Adult Sponsor in collaboration with the student researcher(s):
*Compulsory items	
	* Student's Name(s):
	* 1. I have reviewed the ISEF Rules and Guidelines, including the science fair ethics statement.
	* 2. 🔲 I have reviewed the student's completed Student Checklist (1A) and Research Plan/Project Summary.
	∗ 3. □ I have worked with the student and we have discussed the possible risks involved in the project.
	 The project involves one or more of the following and requires prior approval by an SRC, IRB, IACUC or IBC: Humans Potentially Hazardous Biological Agents
	Vertebrate Animals Image: Constraint of the constraint
	* 5. Items to be completed for ALL PROJECTS
	Adult Sponsor Checklist (1)
	 Student Checklist (1A) Approval Form (1B) Regulated Research Institutional/Industrial Setting Form (1C) (when applicable; after completed experiment)
	Continuation/Research Progression Form (7) (when applicable)
	Next

Form 1: Checklist for Adult Sponsor (continued)

Teacher mentor to check that all relevant forms have been prepared by students. Find out which forms (1C-7) are required by using the <u>Rules Wizard</u>.

Additional forms required if the project includes the use of one or more of the following (check all that apply):

- Humans, including student designed inventions/prototypes. (Requires prior approval by an Institutional Review Board (IRB); see full text of the rules.)
 - Human Participants Form (4) or appropriate Institutional IRB documentation
 - □ Sample of Informed Consent Form (when applicable and/or required by the IRB)
 - □ Qualified Scientist Form (2) (when applicable and/or required by the IRB)
- Vertebrate Animals (Requires prior approval, see full text of the rules.)
 - □ Vertebrate Animal Form (5A)-for projects conducted in a school/home/field research site (SRC prior approval required.)
 - Vertebrate Animal Form (5B)-for projects conducted at a Regulated Research Institution. (Institutional Animal Care and Use Committee (IACUC) approval required prior experimentation.)
 - D Qualified Scientist Form (2) (Required for all vertebrate animal projects at a regulated research site or when applicable)
- Detentially Hazardous Biological Agents (Requires prior approval by SRC, IACUC or IBC, see full text of the rules.)
 - D Potentially Hazardous Biological Agents Risk Assessment Form (6A)
 - Human and Vertebrate Animal Tissue Form (6B)-to be completed in addition to Form 6A when project involves the use of fresh or frozen tissue, primary cell cultures, blood, blood products and body fluids.
 - Qualified Scientist Form (2) (when applicable)
 - The following are exempt from prior review but require a Risk Assessment Form 3: projects involving protists, archae and similar microorganisms, for projects using manure for composting, fuel production or other non-culturing experiments, projects using color change coliform water test kits, microbial fuel cells, and projects involving decomposing vertebrate organisms.
- □ Hazardous Chemicals, Activities and Devices (No SRC prior approval required, see full text of the rules.)
 - Risk Assessment Form (3)
 - Qualified Scientist Form (2) (required for projects involving DEA-controlled substances or when applicable)
- Other
 - Risk Assessment Form (3)

Form 1: Checklist for Adult Sponsor (continued)

*Compulsory items

* □ I attest to the information che	cked above and that I have read ar	nd agree to abide by the science fair ethics statement.
*Adult Sponsor's Printed Name	*Signature	*Date of Review (mm/dd/yy)

	 * Student's Name(s)	-	

Form 1C: Regulated Research Institutional Setting Form (continued)

Items 2 to 5 need to be completed if 'Yes' was selected in item 1.

- Is the student's research project a subset of your ongoing research or work?
 Yes
 No
 Use questions 3, 4 and 5 to detail how the student's project was similar and/or
 different from ongoing research or work at your site. If this project is under a grant and needs
 to be acknowledged, please list the grant statement here.
- 3. Describe the independence and creativity with which the student:
 - a. developed the hypotheses or engineering goals for the research project
- b. designed the methodology for his/her research project
- c. analyzed and interpreted data
- 4. Detail the student's role in conducting the research (e.g. data collection, specific procedures performed). Differentiate what the student observed and what the student actually did.
- 5. Did the student(s) work on the project as part of a group? If yes, how many individuals were in the group and who were they (e.g. high school students, graduate students, faculty, professional researchers)?

🗆 Yes 🗆 No

Form 1C: Regulated Research Institutional Setting Form (continued)

*Compulsory items

I attest that the student has conducted the work as indicated above and that any required review and approval by institutional regulatory board (IRB/IACUC/IBC) has been obtained. Copies are attached if applicable. I further acknowledge that the student will be presenting this work publicly in competition and I have communicated with the student research regarding any requirements for my review and/or restrictions of what is publicized.

Form 4: Human Participants Form – Human Informed Consent Form

The Human Informed Consent Form is used to provide information to the research participant regarding the project and to document consent or parental permission. Research participants involved in <u>surveys or interviews</u> are also required to complete this form.

All items are compulsory

This section is to be filled in by student(s) together with teacher/research mentor.

After filling in this section, the consent form can be photocopied for all research participants to complete.

	Human Informed Consent Form
	Human mormed Consent Form
consultation with the Adult Spon This form is used to provide infor informed consent, minor assent, • When written docume	Researcher(s): An informed consent/assent/permission form should be developed i sor, Designated Supervisor or Qualified Scientist. mation to the research participant (or parent/guardian) and to document written and/or parental permission. entation is required, the researcher keeps the original, signed form. a sample form or may copy ALL elements of it into a new document.
If the form is serving to documen	nt parental permission, a copy of any survey or questionnaire must be attached.

Form 4: Human Participants Form – Human Informed Consent Form (continued)

This section of the consent form is to be completed by research participants (including those involved in <u>surveys or interviews</u>).

Completed consent forms do not need to be submitted but they should all be kept by students for documentation purposes.

Voluntary Participation:

Participation in this study is completely voluntary. If you decide not to participate there will not be negative consequences. Please be aware that if you decide to participate, you may stop participating at any time and you may decide not to answer any specific question.

By signing this form I am attesting that I have read and understand the information above and I freely give my consent/ assent to participate or permission for my child to participate.

Form 5A: Vertebrate Animal Form

Compulsory?	Filled in by	Endorsed by	To be dated before or after start of experimentation?
For projects conducted outside		SRC and research mentor	Before
of research institutions	Student(s)		
involving vertebrate animals			

Note: For projects conducted at research institutions that involve vertebrate animals, refer to Form 5B.

All items are compulsory			Vertebrate Animal Form (5A) Required for all research involving vertebrate animals that is conducted in a school/home/field research site. (SRC approval required before experimentation.)
			Student's Name(s)
			Title of Project
			To be completed by Student Researcher:
			1. Common name (or Genus, species) and number of animals used.
	To be filled in by student(s)	 ←	 Describe completely the housing and husbandry to be provided. Include the cage/pen size, number of animals per cage, environment, bedding, type of food, frequency of food and water, how often animal is observed, etc. Add an additional page as necessary.
			3. What will happen to the animals after experimentation?
			4. Attach a copy of wildlife licenses or approval forms, as applicable
			5. The ISEF Vertebrate Animal Rules require that any death, illness or unexpected weight loss be investigated and documented by a letter from the qualified scientist, designated supervisor or a veterinarian. If applicable, attach this letter with this form when submitting your paperwork to the SRC prior to competition.

Back to Categories

Form 5A: Vertebrate Animal Form (continued)

This section is to be filled in an SRC to determine if a designated supervisor and/or certification by a veterinarian would be required. Please contact the SSEF organising committee for assistance if your school does not have its own SRC.

To be completed by Local or Affiliate Fair Scientific Review Committee (SRC) BEFORE experimentation.							
Level of Supervision Required for agricultural, behavioral or nutritional studies (select one):							
Designated Supervisor REQUIRED. Please have applicable person sign below.							
□Veterinarian and Designated Supervisor REQUIRED. Please have applicable persons sign below.							
Veterinarian, Designated Supervisor and Qualified Scientist REQUIRED. Please have applicable persons sign below and have the Qualified Scientist complete Form (2).							
The SRC has carefully reviewed this study and finds it is an appropriate study that may be conducted in a non-regulated research site. Local or Affiliate Fair SRC Pre-Approval Signature:							
SRC Chair Printed Name Signature	Date of Approval (must be prior to experimentation) (mm/dd/yy)						
To be completed by Veterinarian: I have reviewed this research and animal husbandry with the student before the start of experimentation. I have approved the use and dosages of prescription drugs and/or nutritional supplements. I will provide veterinary medical and nursing care in case of illness or emergency. (Fees may apply.)	To be completed by Designated Supervisor or Qualified Scientist when applicable: I have reviewed this research and animal husbandry with the student before the start of experimentation and I accept primary responsibility for the care and handling of the animals in this project. I will directly supervise the experiment.						
Printed Name Email/Phone	Printed Name Email/Phone						
Signature Date of Approval (mm/dd/yy)	Signature Date of Approval (mm/dd/yy)						

Form 5A: Vertebrate Animal Form (continued)

Certification by a veterinarian is required if the project involves any of the following:

- animal husbandry
- supplemental nutrition, administration of prescription drugs and/or activities that would not be ordinarily encountered in the animal's daily life
- 'Date of Approval' must be on/before the 'Actual Start Date' indicated on <u>Form 1A</u>. Refer to the <u>form-filling</u> <u>timeline</u> for more information.
- Use date format MM/DD/YY (e.g. 01/31/22)

For projects conducted at	Deceareb	Deceareb	
research institutions	Research mentor	Research mentor	After
involving vertebrate animals	mentor	mentor	

Note: For projects conducted outside of research institutions that involve vertebrate animals, refer to Form 5A.

All items are compulsory

Vertebrate Animal Form (5B)

Required for all research involving vertebrate animals that is conducted in at a Regulated Research Institution. (IACUC approval required before experimentation. Form must be completed and signed after experimentation.)

Student's Name(s)_____

1. Species of animals used: _

Title of Project

Title and Protocol Number of IACUC Approved Project

To be completed by Qualified Scientist or Principal Investigator:

Number of animals used:_____

Describe, in detail, the role of the student in this project: animal procedures and related equipment that were involved, oversight provided and safety precautions employed. (Attach extra pages if necessary.)

3. Was there any weight loss or death of any animal? If yes, attach a letter obtained from the qualified scientist, designated supervisor or a veterinarian documenting the situation and the results of the investigation.

4. Did the student's project also involve the use of tissues?

- No
- Yes; complete Forms 6A and 6B

5. What laboratory training, including dates, was provided to the student?

Form 5B: Vertebrate Animal Form (continued)

Note that a copy of **IACUC Approval** from the research institution is required to be attached.

6. Attach a copy of the Regulated Research Institution IACUC Approval. A	A letter from the Qualified Scientist
or Principal Investigator is not sufficient.	

Qualified Scientist/Principal Investigator		
Printed Name		
Signature	Date (mm/dd/yy)	

- 'Date' must be **on/before** the 'Actual Start Date' indicated on <u>Form 1A</u>.
 Refer to the <u>form-filling timeline</u> for more information.
- Use date format **MM/DD/YY** (e.g. 01/31/22)

Form 6A: Potentially Hazardous Biological Agents Risk Assessment Form

Compulsory?	Filled in by	Endorsed by	To be dated before or after start of experimentation?
For projects involving PHBAs *	Research mentor	SRC and research mentor	Before

*PHBAs include:

- microorganisms,
- rDNA,
- fresh/frozen tissue (including primary cell lines, human and other primate established cell lines and tissue cultures),
- blood,
- blood products and
- body fluids.

Refer to the <u>Guidelines for Science and Engineering Fairs</u> for exempt studies/tissues. Projects involving these PHBAs need to submit **both Forms 6A and <u>6B</u>**.

Form 6A: Potentially Hazardous Biological Agents Risk Assessment Form (continued)

Sections 1 and 2 should be completed by the research mentor, in collaboration with the student(s).

All items are compulsory

Potentially Hazardous Biological Agents Risk Assessment Form (6A)

Required for research involving microorganisms, rDNA, fresh/frozen tissue (including primary cell lines, human and other primate established cell lines and tissue cultures), blood, blood products and body fluids. SRC/IACUC/IBC approval required before experimentation.

Student's Name(s)

Title of Project

To be completed by the QUALIFIED SCIENTIST/DESIGNATED SUPERVISOR in collaboration with the student researcher(s). All questions are applicable and must be answered; additional page(s) may be attached.

SECTION 1: PROJECT ASSESSMENT

- 1. Identify potentially hazardous biological agents to be used in this experiment. Include the source, quantity and the biosafety level risk group of each microorganism.
- 2. Describe the site of experimentation including the level of biological containment.
- 3. Describe the procedures that will be used to minimize risk (personal protective equipment, hood type, etc.).
- 4. What final biosafety level do you recommend for this project given the risk assessment you conducted?
- 5. Describe the method of disposal of all cultured materials and other potentially hazardous biological agents.

SECTION 2: TRAINING

- 1. What training will the student receive for this project?
- 2. Experience/training of Designated Supervisor as it relates to the student's area of research (if applicable).

Back

Form 6A: Potentially Hazardous Biological Agents Risk Assessment Form (continued)

All items are compulsory SECTION 3: For ALL CELL LINES, MICROORGANISMS AND TISSUES - To be completed by the QUALIFIED SCIENTIST or DESIGNATED SUPERVISOR - Check the appropriate box(es) below: Section 3 is to be filled in by the Experimentation on the microorganisms/cell lines/tissues to be used in this study will NOT be conducted at a Regulated Research Institution, but will be conducted at a (check one) BSL-1 or BSL-2 laboratory (include a copy of the checklist research mentor for BSL-2). [This study has been reviewed by the local SRC and the procedures have been approved prior to experimentation.] Experimentation on the microorganisms/cell lines/tissues to be used in this study will be conducted at a Regulated 'Date of review' must be ٠ Research Institution and was approved by the appropriate institutional board prior to experimentation; institutional approval forms are attached. on/before the 'Actual Start Origin of cell lines: Date of IACUC/IBC approval Date' indicated on Form 1A. Experimentation on the microorganisms/cell lines/tissues to be used in this study will be conducted at a Regulated Refer to the **form-filling** Research Institution, which does not require pre-approval for this type of study. The SRC has seen and approved the research plan and supporting documentation and acknowledges the accuracy of the responses above. timeline for more CERTIFICATION-To be SIGNED by the QUALIFIED SCIENTIST or DESIGNATED SUPERVISOR information. The QS/DS has seen this project's research plan and supporting documentation and acknowledges the accuracy of the information provided above. This study has been approved as a (check one) BSL-1/ BSL-2 study, and will be conducted in an appropriate aboratory. Use date format MM/DD/YY (e.g. 01/31/22) QS/DS Printed Name Signature Date of review (mm/dd/yy) SECTION 4: CERTIFICATION-To be completed by the LOCAL or AFFILIATED FAIR SRC The SRC has seen this project's research plan and supporting documentation and acknowledges the accuracy of the information provided. SRC Printed Name Date of review (mm/dd/yy) Signature

This section is to be filled in the an SRC. Please contact the SSEF organising committee for assistance if your school does not have its own SRC.

- 'Date of review' must be **on/before** the 'Actual Start Date' indicated on **Form 1A**. Refer to the **form-filling timeline** for more information.

Form 6B: Human and Vertebrate Animal Tissue Form

Compulsory?	Filled in by	Endorsed by	To be dated before or after start of experimentation?
For projects involving fresh/frozen tissue, blood, blood	Student(s)	Research	Before
products and body fluids		mentor	

Projects that require Form 6B would also require Form 6A.

All items are compulsory

Human and Vertebrate Animal Tissue Form (6B)

Required for research involving fresh/frozen tissue (including primary cell lines, human and other primate established cell lines and tissue cultures), blood, blood products and body fluids. If the research involves living organisms please ensure that the proper human or animal forms are completed. All projects using any tissue listed above must also complete Form 6A.

Student's Name(s)

Title of Project

To be completed by Student Researcher(s):

- 1. What vertebrate animal tissue will be used in this study? Check all that apply.
 - Fresh or frozen tissue sample
 - Fresh organ or other body part
 - □ Blood
 - Body fluids
 - Primary cell/tissue cultures
 - Human or other primate established cell lines

2. Where will the above tissue(s) be obtained? If using an established cell line include source and catalog number.

If the tissue will be obtained from a vertebrate animal study conducted at a research institution attach a copy of the IACUC certification with the name of the research institution, the title of the study, the IACUC approval number and a of IACUC approval.

Form 6B: Human and Vertebrate Animal Tissue Form (continued)

This section should be completed by the research mentor.
