

STEM Applied Learning Programme

Lesson Outline

STEM Theme	Embedded Electronics
Module	2 (Wearable & Fashion Electronics)
Total Hours	10

No.	Topic
1	STEM careers and eFashion
2	Electronic circuits I
3	Electronic circuits II
4	Light sensor module
5	Colour sensor module
6	Accelerometer/Compass module
7	Ideation and prototyping I
8	Ideation and prototyping II
9	Prototyping
