Finger Mouse Puppet!

For best result, please print
this activity on denser paper!

Final Product

Pre-Show Craft Activity 1: Finger Mouse Puppet

Join us with your very own puppets during our virtual show!

Instructions:

1. Cut out the puppets from template
2. To make the head of the mouse, fold along the dotted line and stick double-sided tape on the area marked 'Tape A' and paste it to the area marked 'A'.
3. To make the body of the mouse, stick double-sided tape on the area marked 'Tape B' and roll it into a ring and paste it down on the area marked 'B'.
4. Place finger through the ring and into the head of the mouse.
