Untamed Conversation

THE NEXT GIANT LEAP FOR MANKIND

23 OCT 2020 @ 8PM

Learn about NASA's next project to the Moon with a NASA scientist. Learn about this project's significance and how it will lead to the next giant leap – landing human on Mars.

SPEAKER

ARTEMIS PROGRAM

KEEP CALM AND COMPOST

25 OCT 2020

Don't throw those fruit & vegetable peels away – you can make compost with them! Do your part in reducing food waste by creating your very own compost and learn the science behind it.

SPEAKER

MS. SANGEETA NAIR | Founder, The Eco-Statement

MEET THE MEATLESS!

25 OCT 2020 @ 4PM

MEAT the experts behind Quorn – an alternative meat product that uses fungi-based proteins, to create a healthy plate, and a healthy planet. How do alternative meats help in food sustainability? What's more our chef from Quorn will also show you how to prepare a yummy meal! Purchase the Wild Kit to get your hands on Chef Sam Leong's Recipe Book!

SPEAKER

MONDE NISSIN | Company for Quorn products

THE FUTURE OF FEELING

30 OCT 2020 @ 8PM

While it may not have crossed your mind, technology has deeply altered the way we interact and communicate with people. Have you considered what is considered to be empathetic in today's technology-driven era? Learn more from Kaitlin as she addresses this very issue.

SPEAKER

KAITLIN UGOLIK

*The Organiser reserves the right to make changes to the stated dates and timings without prior notice

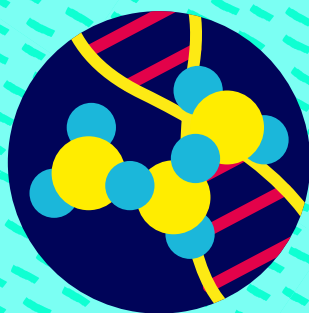

LET'S TALK KOPI! A CONVERSATION ON COFFEE

31 OCT 2020 @ 11AM

Join us for coffee with "Dr Coffee", a renowned chemist and coffee enthusiast. Explore the chemistry of coffee, and the science behind creating that perfect cup.

SPEAKER

DR CHRISTOPHER HENDON | Assistant Professor, Department of Chemistry and Biochemistry, University of Oregon

EXCITING ECO-ENZYMES

1 NOV 2020

Do you know what are eco-enzymes? Join us to find out about them and earn how to lead a more environmentally friendly lifestyle by creating your own eco-enzymes from fruit & vegetable scraps.

SPEAKER

MS. SANGEETA NAIR | Founder, The Eco-Statement

MAKING MUSIC – IT'S ALL IN THE MIND

6 NOV 2020

Join in the conversation with Dr. Leslie, who makes music using her own brain waves! Explore how STEM and the arts can be intertwined to enhance mental health and well-being.

SPEAKER

GRACE LESLIE | Innovator under 35, Emtech Asia 2016, Science Friday speaker

Live Performances

SPECTACULAR DRONE SHOW

29 OCT 2020

Travel to space when you catch our Spectacular Drone Light Show live! Appreciate the beauty and synergy between Performance Art and Technology through a synchronised performance between our dancers and the drones!

LIVE ON

[HTTPS://WWW.FACEBOOK.COM/UNTAMESG/](https://www.facebook.com/UNTAMESG/)

CHITCHAT WITH ISAAC NEWTON

31 OCT 2020

If you had an opportunity to meet Isaac Newton, what would you ask him? Well, here's your chance – join us as we chat with Isaac Newton, and interact with him through our live Q&A session!

SPEAKER

MATHEATRE

MAGIC WITH EVERYDAY OBJECTS

31 OCT 2020 @ 5PM

Did you know that you can create magic tricks using items found at home? Learn simple magic tricks with our friendly magician, Kiki Tay.

SPEAKER

KIKI TAY

GLOWING FOODS

8 NOV 2020

Will the flavour of a substance change when its perceived colour is different? Join our hands-on experiment to find out which food items change colour under UV light, and why this exists in nature!

SPEAKER

FERMENTATION GUTHUB

BLOW YOUR MIND

14 NOV 2020

Uncover secrets of how the brain works, by doing simple experiments. Learn how technology can aid in understanding the human brain and nervous system, through cool demonstrations on Dr Tim's very own SpikerBox.

SPEAKER

TIMOTHY MARZULLO | Co-founder, backyard brains, TED speaker
